### REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

#### Schools in War Time

In many ways, the fact of a nation at war affects our public schools. Two of the most important ones are dealt with in this report: (1) Civilian defense preparations. (2) Effect on regular school work.

#### Civilian Defense

Our location, some distance from large cities and factories, makes air raids seem unlikely. The results of surprise attacks in other parts of the world, however, makes preparedness by all civilians the only sensible course in this war. The practice of air raid drills is being held in all schools, that it may become a matter of regular routine. Each school is provided with the equipment suggested by state authorities for fighting incendiary fires. Special attention is given to first aid equipment and instruction. The State Police are cooperating in a plan of finger printing all children in the state to aid in identifying any who are separated from their parents.

#### Effect On Regular School Work

Greater interest is shown in geography and current events. Our pupils are becoming "map conscious" as they listen to radio news and read their weekly newspapers. Some pupils are knitting for the Junior Red Cross, working on squares which will be made into afghans. More attention than ever is given to a study of our American neighbors, including Canada, as well as Central and South America.

The need of investing a part of our savings in Defense Stamps is emphasized. Much stress is put upon the need of conservation of all materials—rubber eras-

ers for pencils will be very hard to get; all supplies are much higher in price, therefore must be used to best advantage and nothing wasted.

### Decreasing Enrollment

In all our schools, enrollment shows a slight decrease this year. The enrollment at West Center Harbor has for several years consisted principally of pupils residing in Holderness and for whom we receive tuition. However, the tuitions paid defray only a portion of the expense of maintaining this school; and as the prospect for next year shows that only two of the pupils will be residents of Center Harbor, it seems that the expense of continuing the school is no longer justified after the end of the present school year.

### What Our Schools Are Doing

The Town House School pupils appreciate the enlarged playground space with a giant stride as equipment. Among the worthwhile tasks undertaken in recent weeks is the making of some very creditable and original posters, using slogans appropriate to the defense program. Several of the pupils have attended the air raid wardens' course regularly.

During the spring, boys and girls of West Center Harbor school studied birds, making drawings and coloring. Wild flowers were gathered, pressed and mounted, making neatly arranged herbariums.

In the fall an attractive collection of posters from the National Dairy Council were studied, using the cutouts to make different menus. This project was much enjoyed.

The study of winter birds, chickadees, bluejays, nut-hatches, and woodpeckers has been continued. Pine grosbeaks eating seeds from window boxes were carefully watched.

Music note books on band and orchestra instruments are being carefully made under supervision of Mr. Musgrove.

## TOWN OF CENTER HARBOR

---

With the world in its present state, the pupils of the Grammar Room have found an understanding of our government and of current events more necessary than ever. The facts of geography, history, and civics have been used to interpret world affairs and have been supplemented by Young America, radio programs, and debates.

The Russian fairy tale, "Peter and the Wolf," was one of the records most enjoyed among those brought by Mr. Musgrove. The Walter Damrosch concerts have also increased understanding of and interest in music.

Some very attractive note books were made during the study of "Evangeline" and favorite sections of the poem were memorized. A practical use for the skills of composition was found in writing letters to former classmates and to pupils in other states and countries.

Nature study was made more interesting by the presence of three chameleons sent from Florida, as well as bats, newts, frogs, and various insects brought in by the pupils. The study of science has encouraged some pupils to observe the stars and to note changes in the barometer.

The pupils of the Primary Room of the Village School showed great interest in the study of their town. Their parents and friends aided in the search for pictures, clippings and stories of Center Harbor folk lore. A trip was taken to the public library by grades three and four, at which time poems and historical sketches were found. The result of the study was a large booklet containing post card pictures of the town "then" and "now." It also contained stories, poems, biographies, maps and snapshots.

"Help Your Country." "Don't Waste Paper" has been the children's slogan this year. It is really surprising how quickly saving can become a habit. The plain page in a Christmas folder makes a splendid paper for number work for grades one and two! Furniture for a library corner was made by pupils of grades three and four. It was made from orange crates. The chairs and tables were painted by the children. Table covers were made of percale and fringed by the girls. Scrapbooks

for children who are patients of the Laconia Hospital have been made from pictures of used Christmas cards and valentines. Letter writing with children of other states and Alaska helps keep up interest in English, penmanship and spelling, as well as history.

### Conclusion

It has been said that teaching may be done to groups of people, but that learning is always done by single individuals. Your teachers and superintendent are keenly conscious of the fact that we are trying to help with the education of individual girls and boys, whom sometimes we do not fully understand, and whose problems are not always understood by their fathers and mothers. We appreciate the friendly and sympathetic spirit which is so generally shown when parents discuss these problems with us. Let us continue to work together in these difficult times for the good of our children.

Respectfully submitted,

ALMON W. BUSHNELL, Superintendent

### REPORT OF SCHOOL NURSE

---

This report covers only work done since Sept. 2nd, 1941.

Pupils inspected	73
Visits to school	36
Home visits	17

Dr. Morrill has examined 41 pupils in the town and rural schools. Dr. Lovering has examined 18 pupils from Moultonboro who attend the Center Harbor Primary and Grammar Schools. The Dental Clinic has been started in Meredith with Dr. Pottle and Dr. Deneault and several children have already taken advantage of it. Three children have had their eyes tested and obtained glasses. One tonsillectomy has been done. I wish to express my appreciation for the cooperation which I have received from the superintendent, school board, teachers, parents and community.

Respectfully submitted,

EVA A. HENEY, R. N.
